# TEACHING CIVIC CULTURE TOGETHER

Sphere Education Initiatives is a nonpartisan organization that works with grades 5-12 educators and administrators to provide them with the knowledge, experience, professional development, and viewpoint diverse resources to bring difficult conversations on the most pressing issues to the classroom and equip our country's students to engage in civil discourse.

# Classroom Content

Sphere provides educators with viewpoint diverse resources to bring conversations to the classroom and equip students to engage in civil discourse. Sphere offers lesson plans, discussion questions, videos, and publications on various topics for use in the classroom that are exclusively nonpartisan.

## UNITS

Civil Discourse in  
Literature

Economics

Centers of  
Progress

Heroes of  
Progress

Foundations of  
Civics and  
Economics

Getting Started  
with Civil  
Discourse

## HUMAN PROGRESS

Bring Humanprogress.org to your classroom! This series of lesson plans and classroom resources make it easy to share with your students the many ways in which the world is getting better. Designed by AP World History teacher and Sphere alumnus, Sean Kinnard, these resources fit easily into a variety of history and social studies courses.

[Human Progress Lessons →](#)

## CIVIL DISCOURSE

This series of lesson plans and classroom resources teach students to create a foundation from which to communicate ideas while giving space for others, and to engage in conversations with people with whom we may disagree.

### Centers of Progress, Pt. 37: Dubrovnik

Dubrovnik is a beautiful walled city on the Dalmatian coast of Croatia, once home to one of the freest and most cosmopolitan societies in Europe and one of the first societies to implement comprehensive public health measures to contain disease.
